Message from the R&D Cell

The Research & Development Cell has actively promoted research, innovation, intellectual property creation and quality publications during the academic session 2025–26. Faculty members participated in workshops, filed patents and copyrights, published research papers and strengthened the institute’s research ecosystem.

Message from the Principal

It gives me immense pleasure to present the Research & Development Newsletter 2025–26 of Shri Shankaracharya Institute of Professional Studies, Raipur. This newsletter showcases the remarkable achievements of our faculty and students in research, publications, patents, copyrights, and innovation.

I congratulate the Research & Development Cell for its dedicated efforts in promoting a strong research culture and encourage everyone to continue contributing towards academic excellence and societal development.

Events Feature

Insights from Mr. Manish Anand

The Research & Development Cell, SSIPS Raipur, organized a workshop on "Creative Design Thinking Mindset Transformation" to promote creativity, innovation, and problem-solving among faculty members.

Through interactive group activities, brainstorming sessions, and collaborative discussions, participants learned the principles of design thinking and explored practical approaches to developing innovative solutions.

Faculty members actively participated in engaging collaborative activities to strengthen creativity, teamwork, and innovative thinking.

Research & Development Activities

Training on Technology Readiness Level (TRL) and Manufacturing Readiness Level (MRL)

Club & Activity Corner

Empowering Research and Innovation

During the Academic Session 2025-26, the Research & Development Cell of Shri Shankaracharya Institute of Professional Studies (SSIPS), Raipur, in collaboration with the Institution's Innovation Council (IIC) and IQAC, organized a series of workshops, seminars, and awareness programmes to strengthen the institution's research and innovation ecosystem. The major activities included Research & Development Processes and Research Ethics, Intellectual Property Rights (IPRs) and IP Management for Start-Ups, IP Awareness & Patent Filing Workshop, Creative Design Thinking Mindset Transformation, Training on Technology Readiness Level (TRL) and Manufacturing Readiness Level (MRL), and Research Paper Writing & Journal Publication Support. These programmes enhanced the knowledge and skills of faculty members and students in research methodology, innovation, intellectual property, publication ethics, design thinking, and scholarly publishing, fostering a culture of excellence, creativity, and continuous professional development.

Republic Day 2026

Honouring Research Excellence

Faculty members were felicitated for their outstanding achievements in research publications, patents, copyrights, and innovation during the Academic Session 2025–26, recognizing their valuable contributions to academic excellence and research culture at SSIPS Raipur.

Research Achievements of Faculty Members

During the Academic Session 2025–26, the faculty members of SSIPS Raipur made significant research contributions through research publications, patents, copyrights, and design registrations, showcasing their commitment to research excellence, innovation, and intellectual property creation. These achievements have strengthened the institute's research culture and academic excellence.
